Portland, Ore., Aug. 2.—The option which M. J. Kinney took a few weeks ago on a large block of property reaching inland from Coos bay, was drawn up today and Mr. Kinney made his first payment. The property includes 97,000 acres of timber land and most of the platted town of Empire City, including the big saw mill. No official announcement of the price to be paid has been made, but it is said to be the round figures of \$600,000. It is also said that this deal is favorable to the success of the Great Central railroad. The Great Central Land company yesterday made the first payment on 840 acres of land between Empire City and Marshfield on which an option was taken last week. The land company holds options on 1,860 acres of land between Empire City and Marshfield.

I am too democratic to covet ambition that only a few in one generation can share. I few in one generation can share. I prefer the honor of being a private citizen as an honor greater than that citizen as an honor greater than that of a king."

Throughout his discussion of the mo

mentous problems now engaging the attention of the two great political parties Mr. Bryan occasionally tapped a vein of quiet humor that generated smiles on many countenances.

"You will recall," he said, "that the Papublicans have beed two talling.

In dealing with the theme of "Problems of Government" I shall endeavor to inject enough religion to suit a Republican and enough religion to reproduce the state of the st and enough politics to curry favor with

### Moral Phase of Subject.

Mr. Bryan stated that primarily it was his purpose to deal with the moral phase of the subject. He regarded the cultivation of the moral element as a paramount issue and declared that history supported his contention that moral decay had presaged the ruin of every nation that had fallen. "A nation," said Mr. Bryan, "is strong only in proportion to its moral excellence."

Reference was made to the Philippine question and the conduct of the American soldiery in suppressing the insurrection. He denounced "imperialism" at great length, then, reverting to the currency question, proclaimed himself as devout an apostle of free silver as ever.

He further denounced what he termed the plutocracy of wealth, the tariffs and injunctions, and said that the only possibility of suppressing anarchy Reference was made to the Philippine

Mr. Bryan stated with marked emphasis that if he had the power every article manufactured by trusts would be placed on the free list, although he sincerely doubted if this strenuous and strategical measure would wholly frustrate the trusts.

### M'CASLIN YIELDS IN BATTLE WITH DEATH

After a desperate fight with death, J. W. McCaslin, the man who took the life of an innocent girl and mortally wounded another of the party before he turned the weapon on himself, expired at the Holy Cross hospital at fifteen minutes past II o'clock yesterday morning. Physicians and nurses were surprised that the struggle was not terminated sooner, but the remarkable vitality of the man sustained life for almost twelve hours after the bullet had plowed its way through his brain. Numbers of his friends and acquaintances called during the day, but he never regained consciousness from the time he fired the fatal shot. They called to see the girl because they had heard of the horrible manner of her death.

Heath Drew His Pistol.

Mr. Heath, at the first shot, rushed back toward the party. He saw McCaslin with his gun raised. Drawing his own weapon, he faced the murderer. There was a rod between them. McCaslin stood as though in doubt, with his pistol raised. As he brought it down to a level, Heath jumped aside. But McCaslin, figuring doubtless that he had only one bullet left, suddenly put the gun to his right temple, braced the left side of his head with his other hand, and pulled the trigger. He dropped in his tracks.

Heath rushed to the spot where Miss Russell had fallen. Peters, held up by Mrs. Heath, had crossed the street and braced himself against a tree.

"Come here, Horace, I'm shot," he called out. Miss Russell was then carried across the road. Instructing Mrs. Heath to take care of Peters, Heath and McKenzie worked over the prostrate form of the girl, while Peters and Mrs. Heath moved slowly up the street.

"I'm shot all right." said Peters, "feel in here." Mrs. Heath put her hand under Peters' vest and withdrew it covered with blood.

### FEARED SOMETHING WAS GOING TO HAPPEN

It is a remarkable fact that nearly everybody connected with the tragedy had a presentiment that something was and a presentment that something was going to happen. While in the restau-rant, Mrs. Heath suggested to Miss Russell that they slip quietly out of the back door and start for home, as she didn't like McCaslin's conduct. Miss she didn't like McCasiin's conduct. Miss Russell, the innocent victim, was more than willing to accept the suggestion, but just as the women were about to leave, Manager Heath and his wife came in and they felt obliged to rejoin Mrs. Von Ettner from the very

Assurance That Crooks and Good People Will Have Attention.

People Will Have Attention.

For the purpose of reassuring the many timid persons who may intend coming to Salt Lake from elsewhere during the Elks' reunion next week that they will be amply protected against the professional crooks who invariably assemble with good people in convention cities, Chief of Police Paul is having sent broadcast the information that he will have the services of a picked corps of expert detectives from eastern and western cities to assist the local police force, largely augmented for the occasion.

The imported detectives know the professional crooks who go from city to city, and when they are spotted in Salt Lake the local police will be "put next." Immediately the visiting crooks, many of whom may be disguised as Elks, will be run out of town or bagged before they can have an opportunity to turn a trick between the second of the control of the control of the control of the control of the can have an opportunity to turn a trick the control of the control
